Anomalies regarding mismatch in the result analysis of HEI and Affiliating University are due to the following reasons:

- ◆ Result Analysis in HEI has been done on the basis of examining individual marksheet of regular examinees appeared in the final year/semester examinations and those who have cleared all the papers and declared pass in the concerned academic session. The examinees appeared as arrear (non-regular) are not taken into consideration as their count was made in the preceding year.
- ◆ In the Affiliating University data, the arrear examinees were also taken into consideration and hence in all entries the number is higher than the HEI Analysis Data.
- ◆ In the academic session 2018-19, in B.Sc programme the number of pass out examinees of HEI (119) is higher than that of Affiliating University Data (113) which is due to passing out on re-evaluation of their answer scripts.
- ◆ As per rules of affiliating university, once a student registered, he/she has to clear all the papers of degree courses within the period of 06 years and sometimes the affiliating university also provide special chances to appear in the examinations after expiry of validity of their registration.
